Dear Ms. Zoo,

I am applying for the Nurse Manager position advertised on Indeed.com. As I have experienced in various nurse settings for 5 years. I'm interested to supervise patient care and develop long-term plans for professional development on the team.

I've worked as Pediatric Nurse and ER Nurse in HMH Health Mission Hospital for 3 years and as ICU Nurse in American Health Hospital for 2 years. I am dedicated to professionalism when interacting with patients and staff. I have the maturity and confidence to mentor others and give advice on how to resolve medical emergencies, improve operations and work as a team. I'm eager to advocate for the patients and constantly work to provide better care and anticipate the healthcare needs of the community.

I've attached my resume for your consideration and hope to speak with you soon about your needs for the role.

Yours Sincerely,

Rochelle Rivers
